Get Smart Answer Key Feb 01 2021 * This book is the ANSWER KEY for Get Smart.* Teach or learn grammar in ten minutes a day. Stop wading through boring textbooks and use these easy-to-follow lessons. Students will actually stay awake and engaged as you teach each lesson, and you'll be a more confident teacher and person as you yourself learn grammar. I'm really enjoying this program and so is my son. I used to teach in the public schools, and I wish I had had this years ago. - Julie, Homeschool Mom, California I just showed my friends how to diagram, and they were very competitive. They never knew grammar could be this much fun. - Katie, Student If you're struggling with grammar, struggle no more. Elizabeth makes it visual. - Marianna, Teacher I want to tell you how much I'm enjoying your Get Smart Program. I'm so grateful to you for finding a way for me to learn this again. I'm a freelance copy editor and writer, and I have relied too much on my gut (and style guides, of course) without being able to cite grammar rules. Now that'll change. Thank you. - Jill, Editor & Writer, Wisconsin My freshman English class is working through the weekly Get Smart program, and it's going really well. Thanks so much! Your program is wonderful. - Daidri, Teacher I purchased your Get Smart program, and we are very happy with it! Part of the reason I bought it is because I like your personality. I hated grammar as a kid, and I wish I'd had a teacher like you! I am hoping my kids will have a better experience than I, and with your program, I am confident they will. - Valerie, Homeschool Mom Your materials are a lifesaver and a confidence-booster! - Lori

The Writer's Guide to Grammar - Teaching Guide with Answer Key Dec 19 2019 Teachers, prepare to be spoiled: once you've taught grammar using this material, you'll never want to teach it any other way. WHAT MAKES THIS A GREAT COURSE The Writer's Guide to Grammar covers all the most important topics in English grammar, usage, and punctuation, but with a twist: it emphasizes the topics vital to everyday writing and gives guidance users can put to immediate use. It's practical, easy to understand, and - unlike most grammar texts - attractive in appearance. Also, the entire course is laid out to maximize both 1. efficient learning and 2. ease of reference - in other words, with a glance back at any section, a student immediately sees and recalls the main point of that section. WHAT MAKES THIS A GREAT TEACHING GUIDE Unlike most teaching guides, this one has a brilliant design. It makes the teacher's preparation easy and enhances the teacher's delivery of lessons. Key elements of the design:-It precisely mirrors the "Student Workbook" (sold separately): all answers to exercises are overlaid directly on the student exercises - so no more flipping to the back of the book to find the answers! -The student material is in black & white, while the teaching instructions and exercise answers are overlaid in color. -The "Introduction for Teachers" offers lessons from the author's own experience with teaching this material in the classroom. It includes the strategies for engaging students and maximizing the value of the classroom experience.-For each topic, this guide tips for enhancing the student's understanding of the concept, always featured with bold headlines like WHY IT MATTERS and WHAT TO EMPHASIZE. The Writer's Guide to Grammar helps with all of the following challenges:-Moving the learning into long-term memory. To drive home the critical concepts, the program is stealthy: it may not feel like it, but it incorporates drill, repetition, and review sufficient to master the critical guidelines for usage and punctuation.-Keeping the learner engaged. Among the standout features of the program are its attractive appearance, variety, and humor - all of which can be critical aids to learning. Put another way, in this program, drill and repetition never feel like drill and repetition.-Applying the knowledge to real-world situations. The program is filled with activities that look not like grammar exercises, but real-life writing challenges - memos, letters, articles, and essays. This comprehensive text serves either as a self-paced home-study course or for classroom coursework. This material has been taught to thousands of people in a variety of settings, from students to professionals in the workplace.
