Perhaps not, says Australian psychic researcher Robert Bruce. Drawing on more than two decades of firsthand research and experience, Bruce reports that our minds are subject to influences from many unseen spiritual sources. Some of these can influence how we think, feel, act, and even how our bodies function. They can make us unhappy, irritable, confused, sick, unstable, even crazy. This is why we need practical tools and countermeasures for psychic self-defense, all of which Bruce provides. This is the ultimate guide to combating the influences of earthbound spirits, deranged ghosts, astral snakes and spiders, demonic spirits, and poltergeists. This is a highly anecdotal and comprehensive practical guide to the dark side of the psychic universe. Learn how to give amazingly accurate and insightful tarot readings with little or no guesswork. From the latches on our kitchen cabinets to the magnetic strips on our credit cards, we take magnetic forces for granted every day. Magnets are a relatively new technology, although people have remarked on naturally-occurring magnets, or loadstones, for hundreds of years. Mickaharic, in his inimitable, no-nonsense style relates the history and folklore of magnets and how they work, and explains several practical uses including improving fuel combustion, descaling water, and charging water for better plant growth. Most of his book is devoted to explaining how the attractive power of magnets can be harnessed in spells and vibrational healing. Mickaharic includes instructions on spells for attracting a job, a lover, or money/ making devices to magnetize oils and potions for increased potency/ making magnetic magic wands/ using magnets with sigils and seals/ making a Mesmer board for vibrational healing/ constructing a device for distant/covert communication/ working with energy rods/ and aura cleansing with magnets. Mickaharic also includes an interesting biography of the flamboyant Antoine Mesmer that rectifies the misunderstandings around his so-called discovery of "animal magnetism" and initiation of the practice of hypnotism. Shows you how to get started in magical practice. How does magic work? What distinguishes one form of magic from another? What system of magic should you pursue High or Low, elemental or natural? Mickaharic answers all of these questions, and outlines how to prepare oneself to practice magic, how the primary instruments of the magician are developed and cared for, and learning a chosen system of magic. Includes some basic techniques for each magical practice. Bibliography, index. Is your health problem a warning sign of a deeper spiritual battle? The Mass: The Mystery at the Centre of Salvation Study Guide serves as a resource for Catholics who want to pass along the faith to others. Fr. Coutts takes us on a journey that starts in the Upper Room where Jesus met with his disciples and broke the bread, saying, "This is my body," and blessed the wine, promising, "This is my blood of the covenant." From there we travel with Jesus to the Garden of Gethsemane, where he drinks from the cup of consummation. The journey concludes with a reflection on our current-day celebration of the Mass, which remains the mystery at the centre of our salvation. The guide can be used on its own or in conjunction with the video talks of the National Catholic Mission, available at www.dailytvmass.com. It's intended for use by Catholics looking for a deeper understanding of the Mass & their faith; parents, grandparents, and godparents; Catholic Religion Teachers; RCIA Team Leaders and members; and Small Faith Group Leaders and their members.... A retelling of several stories I have heard about supposed immortals over the last sixty years working as a consultant in the field of the occult arts. I have added my comments on these methods, and other methods that I have heard of for extending human life. There is also some information concerning medical research in the area of life extension. Being a bitch may seem to come naturally... ..but it is, in fact, an art form. And unless you practice your craft, you're just not going to rise to the top of the bitch hierarchy. Learn how to: • Use Bitchcraft in the real world • Form your own bitch's coven with like-minded sisters • Repel the dark side of Bitchcraft • Deal with bitch hunts, bitch trials, and bitch-induced mass hysteria • Ensure a blissful life Here it is: A survival manual for the enlightened bitch • Details the rise and fall of this famous and infamous Order, including its penetration of Bavarian society and its destruction by the Bavarian government • Explains the Bavarian Illuminati's grades, rituals, ceremonies, and fundamental philosophies and examines the leaders of the Order • Contains the only surviving record of documents that were destroyed during the two World Wars The most celebrated secret society in the world, the original Order of the Illuminati was founded by Bavarian professor Adam Weishaupt in 1776. Although the Order was banned and brought down by the Bavarian Elector when he became aware of the extent to which it had infiltrated the courts, schools, and his own administration. Charting the rise and fall of this infamous Order, this book first published in French in 1915 and never before available in English remains the definitive history of the order of the Bavarian Illuminati and their founder, Adam Weishaupt. Many of the documents the author consulted for the writing of this book were destroyed during the two World Wars, making this book the only surviving record of many of the order's secrets. It is also significant for its history of contemporary Masonic Orders such as the Templar Strict Observance and Von Hund's Templar Freemasonry. The author explains the Bavarian Illuminati's grades, rituals, and ceremonies as well as its fundamental philosophies. He examines the leaders of the Order, including Weishaupt, Baron Knigge, and Xavier von Zwack. He reveals how Weishaupt early on decided to subvert the existing German Freemason Lodge as a shortcut to gain esoteric hegemony over the occult world, all in order to extend Illuminati influence into the society at large and the government. The author also provides extensive detail of the Order's eventual destruction by the Bavarian government. In addition to its revelation of little known secrets of the Illuminati Order, the author also sheds new light on much of the occult life of this time, including the activities of figures such as Cagliostro and Mirabeau and other active groups such as Freemason chapters, the Rosicrucians, and the Martinists. For guidance on your path, you will read about four previous explorers of the Faerie realms, one of whom is George "A.E." Russell who not only wrote about the Faerie, but also painted pictures of them. The book includes five of his paintings, in full color, which have never been published before.
