**Lemon-Aid New Cars and Trucks 2012 Jul 26 2020 Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation) Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway) Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers) GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago) You**

*coupes & roadsters right up to the end of production and the introduction of the RX-8. This book gives advice on buying your own RX-7, and covers the RX-7 in motorsport, as well as listing production figures. Mazda launched its first rotary-engined car - the Cosmo - in 1966 and was the only car manufacturer to solve the major problems associated with Wankel's radical engine design so that the unit's potential could be exploited and enjoyed. Launched in 1978, the RX-7 provided effortless and uncannily smooth performance, attributes that endeared the model to enthusiasts through three generations of production. With each reincarnation the RX-7 became more of a Grand Tourer and less of a sports car (a mantle handed on to the MX-5/Miata); global sales reduced as the car moved upmarket until, in the new millennium, the model was only sold in its native Japan. Heavily illustrated with good quality colour photographs, this book provides an in-depth insight into this amazing production automobile. "A must have for any RX7 enthusiast."*
